## Work Experience

---

- 2018-2021 Game Tester – Marvel’s Avengers**, Nixxes Software, Netherlands  
I supplied the development team with the latest bugs and jumped in to investigate the really obscure ones when needed.
- 2015-2017 Game Producer - “gamepoint.com”**, Gamepoint, Netherlands  
Game Producer on various online multiplayer Casino games. I also performed statistical analysis and programmed simulations in R as one of the game economy designers.
- 2015-2016 Independent Game Designer - “2 Puzzled 2 Solve”**, Netherlands  
A 2D Metroidvania where the player controls both their character and the level they move through. I was in charge of everything on the design front, from game mechanics to level design.
- 2013-2014 Game Design Intern - “Age of Wonders III”**, Triumph Studios, Netherlands  
Turn-based strategy game. Released in March 2014.
- Designed Game Mechanics and User Interface Elements.
  - Designed and created a stand-alone single player scenario.
  - Written over 18.000 words that explain all of the game’s mechanics to the player and give those mechanics narrative context.
